CROPS AND PRICES; NEWS FOR FARMERS.

(Up-To-Date Farming.)

Chance For Dollar Wheat.

The eyes of the world have been turned toward America and its wheat crop. The supply of flour and wheat is the lowest in all countries ever known. Mills have been closed down waiting for the new crop. The tension is very high and any holding back of supplies by farmers will quickly be followed by the payment of their price.

Farmers, now is your opportunity. There is not the bumper crop that the government, millers and speculators have been telling you about. Every bushel of your wheat will bring you \$1.00 a bushel on basis of Chicago, St. Louis and Minneapolis markets if you really want it. You will get it if you refuse to sell for less.

Prices For Tobacco Advance.

In the western part of Kentucky where dark crop tobacco is grown the farmers are still holding the 1904 crop. Much of it remains in the barns where it was cured. More of it is safely stored in the farmers' warehouses where it will stay until the stocks in the buyers' hands are exhausted, or the price meets their demand. Arrangements are being made to hold the crop now growing in the same manner and the more that is withheld the sooner the price will advance. Nearly all the tobacco grown by nonorganized farmers has been marketed and prices maintain a higher average than a year ago. The buyers stubbornly protest against raising the price more but there is nothing else for them to do. Stocks are rapidly diminishing and the tobacco is wanted.

Trust Starts False Report.

There will be a great reduction from the 1903 crop, and I do not think the acreage will be over 75 per cent. of the 1904 crop. Secretary Wilson's report of a 30 per cent. increase to the contrary notwithstanding. The report to an increase is not true and its origin in the camp of the trusts. Tobacco is increasing in price steadily here, and if there was a pronounced increase in acreage this would not be. —Hon. D. T. Hamill, Kentucky.

Mr. Hamill, who is a member of the Tennessee tobacco trust and also a farmer who has been one of the leaders in the farmers' organization, has an excellent opportunity to observe crop conditions in the dark tobacco districts of Kentucky and Tennessee. We place great confidence in his opinions.

TO CURE A GOLD IN ONE DAY.

Take LAXATIVE BLOOD PURIFIER Tablets. All druggists refund the money if it fails to cure. W. G. Wren's signature is on each box.

Letter From Mrs. Huckleby.

Cleveland, Fla., July 17, 1905.
My dear Sir: Enclosed find \$1.00 to renew my subscription to the News. The home paper is read with the same degree of interest as when I first left Kentucky. Situations here more than a score of years have elapsed.

The cold last winter did considerable damage to the pinyon, orange and grape fruit trees are looking well, but the buyers say the fruit crop will be smaller than last year. One grove in this county sold last year for \$80.00. It was, perhaps, the largest grove in the State.

My son has just returned from Panama. He says he completed his part of the isthmian Canal in less than four months. Numerous diseases are predominant and develop with alarming rapidity, and one glimpse at Monkey Bill is appalling.

May the News continue in the path of success.

Respectfully,
Mrs. W. L. Huckleby.

Giant Grapevine in Hardin.

Elizabethtown, Ky., July 19, —Hardin county has perhaps the most wonderful grapevine in Kentucky. It is of the Ives seedling variety, and grows on the premises of Mr. John Irwin, who lives a few miles from town. The vine is about twenty-five years old, measures 225 feet in length, and its main trunk is more than a foot in diameter, with profuse branches that cover a large two-story farmhouse. Mr. Irwin gathered one pound of grapes from this huge vine last year, and it is estimated that this yield this season will be not less than 1,000 pounds.

Immense Spot on Sun.

Boston, Mass., July 20.—Two sun spots are now exciting considerable interest among the Harvard astronomers on account of their size. They are close together, somewhat above the center and on the right side. They are estimated to be 100,000 miles in diameter, twelve times as big as the earth. When they first appeared on Friday they were not easily visible, but now they can be plainly seen through smoked glass or even with the naked eye when the sun is low.

Each spot consists of an umbra, or dark center, surrounded by a ring of lighter penumbra. The shape of the whole is irregularly oval. These spots are supposed to be collections of condensed gas containing solid matter, but scientists are not agreed, and some of the astronomers think that the spots are depressions in the surface of the sun or bodies moving from the earth to the sun. The spots on the sun at present are among the largest which have appeared in recent years, although they cannot compare with those which appeared in 1893.

Indigestion Cured.

There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. The constantly increasing use of Kodol Dyspepsia Cure by physicians of hospital and general practice of itself tells how this most wonderful modern discovery has proven to be the greatest digestant for the alleviation of a suffering humanity. Its many cures of both children and adults grows larger every day. Sold by All Druggists.

Signs of the Times.

British war office investigating big steel in South Africa war materials. Russian accusations of graft in army supplies in Manchuria.

Link in crop reports proved in Washington.

Epitaphic graft revelations gaining strength every day.

Kansas treasury empty and treasurer cannot give new bond.

Arkansas legislators indicted for bribery.

United States senator a convict in Oregon for land frauds.

Labor leaders and merchant princes suspected of collusion in strike promotion in Chicago.

Rebels issue sheriff holding out for law violation at St. Louis.

Governor Halyt says derelict police officers in Indiana towns.

Ohio penitentiary well filled with bankers who went wrong.

Society editor in New York accused of blackmailing "smart set."

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

When a woman is troubled with pain or weight in limbs, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham had to endure. A daughter of the female organ developed nervous prostration and a serious kidney trouble. The doctor attended her for a year, but I kept getting worse, until I was nearly dead. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am today a well woman. I cannot praise it too highly, and I tell every suffering woman, "Buy Lydia E. Pinkham's Vegetable Compound, you can."

Mrs. Emma Sawyer, Coopers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

Epworth League Social.

The social given by the members of the Epworth League at the home of Mr. and Mrs. A. B. Skillman on Thursday evening of last week was a delightful affair. Among the features enjoyed by the members of the League who were present were amusements on the wide lawn and vocal and instrumental music furnished by Messrs. Ira Behen and Lawrence Murray, members of the League, and Messrs. Geo. Younger and Proctor Kirk, members of the Baptist Young People's Union. Their singing, especially, was appreciated and was warmly applauded. These young men, whose voices are among the best in town, have been singing together this summer and had, after more practice, to make an excellent male quartet, and perhaps as good as Cloverport ever had.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation. 25c at Short & Haynes drug store.

Ninety Cent Wheat in Meade.

Several crops of wheat have been sold to H. C. Woodson in the last few days. He has purchased several crops at 87c. The Irvington Milling Co. has purchased all the wheat in the bottom above town at 90c a bushel. The heavy rains of the past few weeks have had the effect of steadily advancing the price on the grain. It is thought the price will reach one dollar within a few days. The reports continue to bring the news of great loss on the part of the farmers who were so unfortunate as not to be able to thresh wheat before the rains set in. There is no possible way of making an estimate on the amount of the loss sustained by the farmers on account of the rains during the past two weeks. —Meade County Messenger.

Three Cures and Just Reasons.

There are three reasons why men prefer One Minute Cough Cure: First, it is absolutely harmless. Second, it tastes good—children love it; Third, it cures Coughs, Croup and Whooping Cough when other remedies fail. Sold by All Druggists.

At Work, Though Suffering.

(Central Methodist.)
Dear Central: After months of suffering, even though he continued in his revival work, the Rev. J. T. Nason had to be taken to a surgical operation last Saturday morning, July 15. The operation promises to be successful. And he hopes to be out again soon, filling his engagements with the brethren.

Pray for him that he may soon be restored to his health.

July 17, 1905.

Stevens on Panama Canal.

"Whatever human beings can do for the building of the Panama Canal, I shall be glad to do. To the best of my light I shall attack the task and stick to it. For the rest, God knows." John F. Stevens, chief engineer of the Panama canal, is quoted as saying.

"When I leave the United States Thursday," continued Mr. Stevens, "I expect it to be for a long while. I have taken this position with the canal commission fully realizing the magnitude of the task before me. It is a big job, but I expect to pull it through. There will be no failure through lack of determination any way. When I get to the isthmus I will start right in. There won't be any time wasted in preliminaries. There is little that I can say about the plans for pushing the work on the canal. I have not formulated them except that I have always in mind to keep things going. I expect to make Panama my home until the canal is completed. That is the scene of operations, and that is where I shall be."

Persistence of Darker Races.

From the National Review.
Thirty years ago it was common enough to meet persons, not mentioned, who talked as though the darker races were dying out before the civilization and disease disseminated by Europeans. Almost every one knows better now; knows that the Chinese, the Hindis, the Arah, the negro—the other colored races, in fact—increased and multiply wherever the white man restrains war, famine and pestilence. Even the American Indian, between Texas and the Grand Canyon, is no longer to be improved off the face of the New World. The education of the colored races and their equipment by European science are only beginning. Yet the last decade has witnessed the defeat of two great European Powers—one by chocolate-bred mountaineers, the other by tawny islanders.

Schoolboys and Soldiers.

(Youth's Companion.)
The strong schoolboy friendship which began at West Point between Grant and Longstreet lasted through their lives. Grant was of the class after Longstreet, but somehow their silent, serious natures were in spontaneous accord and, as Helen D. Longstreet in "Lee and Longstreet at High Tide," they became fast friends from their first meeting. That one was from the West and one from the South made no difference, just as later it made no difference in their feeling of personal affection that one led the army of the Union and the other was "Confederate general."

General Longstreet often spoke of the details of the cantinament at Appomattox. He said that when he went into the conference room in the McLean residence as one of the Confederate commissioners, he was compelled to pass through the room occupied by General Grant as his headquarters.

He felt anxious to know how General Grant would receive him. He had loved Grant as one of his closest boyhood friends, but times were much changed. Grant was victor, he was vanquished. He was therefore prepared to observe the rich demonstration of those between whom ceremony only forces recognition. But as soon as he entered the room Grant rose, approached him with a greater show of demonstration than ever in the older days and a sipped him on the shoulder, exclaiming:

"Well, Old Pete, can't we get back to the good old days by playing a game of brag?"

At West Point the nickname among boys for General Longstreet was "Old Pete."

The important part of that meeting, the splendid bearing of the conquered Confederates, the most-demonstrated of the Union victors, and above all, the noble generosity of Grant in retaining to accept the sword of Lee and giving the fairest terms possible and the existing circumstances, these are known to all who have read United States history.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Hongland, of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe it saved his life. I have been engaged for ten years in immigration work and contacted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." Sold by Short & Haynes.

Sunday School Progress.

The American Sunday School Union has issued its eighty-first annual report. The report shows that the union has established 2,488 schools in the last year, enrolling 93,890 pupils and teachers. It is a large number of Bibles and Testaments to the destitute. The missionaries of the union visited in the year 20,000 different families. Besides this, the report shows that 14,500 other Sunday schools have been added in various ways.

Tobacco Selling Well.

From various places come reports of sales of tobacco at or above the minimum prices. It is significant to note that the best prices are obtained where the best organization exists. Prices of \$11.00, \$12.00, \$12.50 and even \$13.00 come from the dark tobacco districts of Kentucky and Tennessee. These same grades sold last year at \$4.50 to 5.00 per cwt.—Up-To-Date Farming.

Roads in Splendid Condition.

Our Mattingly correspondent says: John Jennings, with a force of men and the road grader, has been grading the road from Cloverport to this place. The road is now in splendid condition.

Consumptive Demand Increases.

(Up-To-Date Farming.)
"All lines of tobacco production are now in excess of the same period of 1903-1904, and the same year will undoubtedly close with a fine showing. The increase in all lines are as follows: Tobacco (smoking and chewing) 11 per cent.; cigars, 2 per cent.; small cigars, 21 per cent.; cigarettes, 5 per cent.; snuff, 1 per cent." —Western Tobacco Journal.

The above paragraph refers only to manufactured goods. There are two facts that we should at all times keep in view. First, the production in 1904 was below the average and it is altogether improbable that the total amount produced in 1905 will exceed that of 1904. Second, consumption has increased considerably in 1904 and there is no reason why it should not continue to do so. It is demonstrated, therefore, that the demand has increased and that the supply has not. The only thing that can prevent the price from advancing will be dumping the 1905 crop by the tobacco growers. Do not do it, farmers. It is worse than folly, for it injures your neighbor as well as yourself.

The Diamond Cure.

The latest news from Paris, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that remedy mentioned by W. T. Medine, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure for Throat and Lung Troubles. At Short & Haynes' drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

Waiting For the "Sunny South."

The amusement-loving people of Cloverport are looking forward to the coming of the "Sunny South." Scallow & Markie's fine new floating palace, which is scheduled to show here sometime in August. So far as known, it will be the last show boat of the season, and it is advertised and reputed to be the best swimming place on the river. Scallow & Markie's first floating palace created such a favorable impression here that the coming of their second boat is looked forward to with pleasure and the belief that it will equal and perhaps exceed the first boat.

Not as Severe as June.

The heat was very excessive here several days last week, the mercury spending most of its time above the 90 mark. The suffering was not so great, however, as it was about the middle of June, when there was a memorable hot Saturday and Sunday, the latter being the most oppressive day known in years. The greater humidity during the warmest part of June made the suffering more intense than it was last week. The rains during the latter part of the week brought relief.

The heated spell previous to the rain test week made excellent crop growing weather.

WEDNESDAY, July 26, 1905.

Bootlegger in Hard Luck.

(Owensboro Messenger.)

William Miller, a citizen of the hill region of Grayson county and said to be a "bootlegger," is having more trouble than even "bootleggers" are down in the catalogue. For Miller was arrested some time ago by Deputy Marshal Nichol on the charge of selling whiskey without license. He was tried before Commissioner Llusady and held over to the grand jury, his bond being fixed at \$250. This he satisfied, with his cousin, Edward Miller, as surety, and he went back to his home with assurance that he would enjoy a reasonable degree of quiet until time for the grand jury to meet.

Yesterday, however, Deputy Marshal Nichol nabbed him again and took him before the commissioner. He was informed that his cousin had "turned him over," saying that he had no longer felt justified in standing sponsor for William's appearance before the court when it meets in November. William was in more deplorable condition than when first arrested, but he announced his intention of "making a shift" of some kind and at once started out, in charge of the deputy marshal, to find another bondsmen. Before night he had found that he was looking for a new bond, was filled out and signed by Pat Venson, and Miller returned to his Grayson county home.

When you want a pleasant beverage that is easy to take and certain to act, see Chamberlain's Stomach and Liver Tablets. For sale by Short & Haynes.

New Brandenburg Bank.

J. H. Trent, Jr., informed us Saturday that the stock had all been subscribed and had purchased upon which to erect a new building in which a new bank will be opened for business "by August 1. Mr. Trent will be the president, and J. R. Willett has been selected as the cashier. The stockholders are principally Meade county farmers, with a few others held by Louisville capitalists. The bank will start with a capital of \$15,000, which will be increased as the business demands.—Meade County Messenger.

CURE FOR HAY FEVER

Short & Haynes Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable summer disease. Short & Haynes wish us to announce that when Hyomei is used as a preventive, or a cure, there will be no hay fever. They advise daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the nose, it comes with every outbreath, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by Short & Haynes under a guarantee to refund the money if it does not give satisfaction.

To Reorganize Crop Bureau.

Washington, July 19.—Assistant Secretary of Agriculture Willett N. Hays has taken hold of the affairs of the Bureau of Statistics, with instructions from Secretary Wilson, approved by President Roosevelt, to cleanse the bureau of the stigma left by the cotton leak scandal. His authority is unlimited. He has been told that he may have whatever clerical force he needs, and if there are any employees whose service he thinks should be dispensed with they will be discharged. It is regarded as extremely likely there will be a complete reorganization of the force employed in the statistical department, as well as a thorough revision of the orders governing the monthly crop reports, the latter having already been outlined in a circular issued by Secretary Wilson.

In that regard Secretary Wilson said today that hereafter if there are accusations against the integrity of the bureau it must be directed against himself or Assistant Secretary Hays, as he has no intention of allowing any other person access to information that might be used in stock jobbing.

Pate-Rose.

Louisa Pate, of near Cloverport, and Miss Rose, of Tell City, were married at the Hale House Friday by T. Smith.—Hancock Clarion.

WEST END YOUNGSTERS SHOW THEIR TALENT BY RENDERING MINOR OPERA.

Cast of Characters.

Martha Frances Reid, prima donna; Mary Owen O'Lea, special vocalist; Emily Lois Bell, beauty power; Julia Hill, special vocalist; "Billy" Reed, speech-maker; Clifton Fort, speech-maker; Claudi Pate, stage manager.

It is evident that stage fever is spreading out even into the youngest blood of Cloverport, from the theatrical performances given in the improvised amphitheatre in Mrs. L. T. Reid's yard, last Saturday night. When the high school girls produced their play, people little thought that their love for the footlights would be transplanted into the hearts of their younger sisters. But the fire spread and a full-fledged minor opera had been gotten up and rendered by the little folks of the West End before the praiseworthy "Sweet Lavender" had cooled down. A spark flew from the East End to the West End and last Saturday night's performance was the culmination of all the amateur exhibition.

The stage for last Saturday night's opera was formerly a piano box. Oriental scenery, pot flowers, palm leaves and footlights made of leopards, transformed the rude piano box into an ideal stage. The background was hung with oriental scenery from Jerusalem. The sides were invisible

and needed no adornments. The stage front was craped on both sides with expensive curtains. The floor was covered with wrapping paper that came around the piano. Two leopards resting on the ground served as footlights. Between them were the flowers and palm leaves.

Part of the audience was seated with chairs gathered from the neighbors and placed in front of the stage in a semi-circle. The other part of the audience were permitted to stand or be seated upon the ground in a comfortable place without extra charge over the admission fee.

The actresses' costumes were made of crimson crepe paper. A crimson ribbon was tied about each one's neck, and a white bow on their heads. White stockings and black shoes were worn.

The admission was one cent; gross proceeds fifty-six cents. Profit could not be computed.

All the cast did their parts splendidly, with the exception of Clifton Fort, who was to make the welcome address, but could not appear on account of sickness.

About thirty folks were present, all of them enjoying the performance.

The company was treated to refreshments after the performance by Messrs. Harry Hills and H. A. Oelze.

Work Begins in Two Months.

A special dispatch to a Louisville paper from Madisonville says, in part: "It is now almost assured that this action will be the scene of much railway building for the next year or so. Two roads are assured, while two more great systems are expected to build."

"All the right of way from this city to Cloverport, Ky., has been secured for the building of the line which is to pass through some of the richest coal lands in this section of the state, and which will shorten the route from this city to Louisville about forty miles. It is said work will commence on the construction of this road in two months."

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

Equity Houses Ship Tobacco.

The Tell City carried to Louisville yesterday seventy-five hogheads of tobacco. It belonged to the Equity warehouses and with this shipment there has been over 300 hogheads shipped by them.—Thursday's Owensboro Messenger.

Ayer's Pills

Want your moustache or beard a beautiful brown or rich black? Use BUCKINGHAM'S DYE

Vegetable, liver pills. That is what they are. They cure constipation, biliousness, sick-headache.

Polka-Dot-Cans

ONE GALLON OF EACH

Kinloch PURE RAW LINSEED OIL

MAKES THE BEST PAINT

Important Memorandum

When we sell you paint, you buy the linseed oil separately. We know from our experience that paint without fresh linseed oil will not last very long. Of course, it may look well in the beginning, but in the end—what?

We're here in business to stay and when we recommend Kinloch Paint we certainly must be positive of its staying qualities, too. We can give you some real information on painting. When you are ready to buy come and see us about

Kinloch PAINT HOUSE PAINT

We will supply you at the same low price with fresh, pure linseed oil.

R. S. BANDY, Irvington, Ky.

KINLOCH PAINT COMPANY

CONSIDER COLORADO

as a sort of half-way-house between you and the PORTLAND FAIR

It is the break in the journey where you may "unspan" so to speak, pull off your coat, climb the mountains, whip the trout streams, or, if preferable do a little plain loafing. When two so great attractions, one artificial, the other natural, lie thus in the same direction, it's a mistake to let pass the opportunity to see them, especially if it be remembered that one fare covers both.

Full information on request.

When ordering a change in the address subscribers should give their old as well as the new address.

EIGHT PAGES.

WEDNESDAY, JULY 26, 1905.

ENDORSES THE TICKET.

Crab Orchard, Ky., July 25.—(Special.)—I congratulate the Republicans of Breckenridge county on their work done at Hardinsburg Monday. They have named a good, clean, sober ticket, made up of men who will give every man a "square deal," whether he be Republican, Democrat or Independent. I shall support it myself and urge all independent voters to support it.

JNO. D. BABBAGE.

The corn crop is coming in for its share of compliments these days.

Country preachers, says the Owensboro Enquirer, are like the devil; they take no vacation.

We are against the man in this campaign who uses the jug, the bottle or money to corrupt the voter, be he Democrat or Republican.

The Republicans of this county have nominated a good clean ticket and there is no good reason why all good Republicans should not support it.

Indiana has 20,000,000 acres in farm lands, of which nearly seventy per cent. is under a high state of cultivation and less than two per cent. is waste land. How does this compare with Kentucky?

Editor Babbage has gone to the annual press meet. which is in session at Crab Orchard Springs, Ky. After twenty-nine years of hard, honest endeavor to publish a country weekly that, in a fair way, approaches his ideal, he finds time to indulge in a few days of rest. At sixty summers old we find him still loyal to the town and county he loves. Whether or not his actions have been always in accordance with the ideas of those about him, a true conscience has always been his guide.

Some years ago he was offered a field in a sister state where more money could be made, but he refused and remained with the people of Cloverport and Breckenridge county. In every instance, in every crisis of this people, the News has stood for the right. Its support has been given to every right movement and to every right enterprise that has been launched. And, if, after twenty-nine years of this brave, ceaseless effort, Breckenridge county people give Mr. Babbage credit for what he has done, we are sure that he will be content.

EDITOR PRO TEM.

MATTINGLY.

Mrs. George Newman and little son, Harry, are sick.

Bora, July 21, to the wife of Lanny Keenan, a daughter.

R. C. Lashley has commenced his school at Hardin's schoolhouse.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves?

In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility.

How are they cured? By Hood's Sarsaparilla.

Hood's Sarsaparilla will also build up the system that has suffered from them.

It is the best medicine for all humors.

GARFIELD.

Little Charlie LeGrand is very low with flu.

Errors to Make Child Blush.

Washington, D. C., July 31.—In an official statement issued to-day the Secretary of Agriculture acknowledged that the charge to the effect that the Jane tobacco report greatly exaggerated actual conditions, is correct. Amazing "clerical errors" is given as the excuse. No wrong doing is charged.

The errors were of a kind which would make an eight-year-old child blush. In one case, for example, 293 was multiplied by one hundred and a product of 29,300 instead of 29,300 was obtained. Naturally in this particular county the tobacco acreage was boomed out of all proportion.
